

YOUR COMMUNITY NEEDS YOU

When disasters strike, neighbors help neighbors first.

BECOME A COMMUNITY EMERGENCY RESPONDER

Join the Community Emergency Response Team (CERT) and become a vital community resource when emergencies happen. Professional first responders rely on CERT volunteers during disasters, allowing them to focus on critical, complex tasks while you help those around you.

BE THE DIFFERENCE IN YOUR COMMUNITY:

- Save lives with essential first aid, triage, and disaster medical operations.
- Protect homes through fire safety training and hazard mitigation.
- Find those in need with light search and rescue techniques.
- Coordinate response using team organization and emergency communication.
- Prepare effectively with disaster preparedness skills for you and your neighbors.

REGISTER NOW

LIMITED SPACES AVAILABLE

Open to all residents 18 and older, No prior experience necessary
All CERT members must pass a background check after completing the course to receive their certification

A joint community preparedness initiative proudly presented by:
